

SPONSOR A VETERAN'S FAMILY

Honor at the end.

I am Carl Adams, a retired Navy Senior Chief, Reiki Master, and Doulagivers Certified end-of-life doula serving veterans of every service and their families in the Payette River Valley. My mission is to make death less scary and more human, and to bring it back to the family. **Your gift means a veteran and their family get steady support at the end without worrying about cost.**

WHAT A FAMILY GETS

- Someone sitting vigil, including through the night.
- Help understanding what the care team says.
- A plan for the hard hours: legacy notes and who to call.
- Reiki, offered for comfort only.
- Guidance on a home wake.

I am not a nurse or a clinician, and I do not replace hospice.

HOW IT WORKS

1. Choose a level, or give any amount.
2. Name a family, or let me choose one in need.
3. I provide the care. Families stay private.
4. You get a short report with no names, such as "Your gift covered vigil hours for a Navy family."
5. Your choice: a public thank-you on my page and website, or no mention at all.
